Quechan Tribal Membership

This letter is to inform you that the Quechan Tribal Council and The Quechan Events Committee made the decision to postpone the 2021 Quechan Indian Days, and are currently considering future dates. The Tribal Council remains fully committed to the safety and well-being of our membership, as well as maintaining compassion of the needs of the community.

We ask you to continually follow COVID-19 safety guidelines:

- Wearing a mask
- Maintain social distancing even outdoors
- Wash your hands often or use hand sanitizer if soap and water is unavailable
- Disinfect the areas around you at work and home

The Tribal Council continues to encourage our tribal members to be vaccinated, The Fort Yuma Health Center is currently providing vaccines from ages 12 to adult, and Pfizer Booster vaccines are now available. To schedule a COVID-19 vaccination please call (760) 572-4711.

The Tribal Administration and Casino Operations will honor October 8, 2021 as the recognized Indian Day holiday, along with the San Pasqual Valley Unified School District.

Thank you for your patience and understanding regarding this matter, be safe and be well.

Respectfully,

Quechan Tribal Council
