

NOTICE

Pavement Marking Work to Begin on Monday, 12/11/2017

On Monday, 12/11/2017, beginning at 6:00 am, a road maintenance crew from the Imperial County Public Works Department will be performing pavement marking work along Arnold Road, between Horne Road and Picacho Road, and along Araz Road, between Quick Road and Winterhaven Drive. The crew recently applied a fog seal designed to extend the life of the pavement on these roads. The work will bring additional painting equipment and vehicles into the area. Please use caution, pay attention to warning signs, and drive safely in these areas. The work is planned to be completed by 4:00 pm on Thursday, 12/14/2017. If windy conditions occur, the work may be postponed.
