

# QUECHAN RABIES CLINIC

**MONDAY, NOV. 27, 2017**

**Quechan Community Center**

**10:00AM - 12:00pm**

**1:30pm - 5:00pm**

All dogs and cats should have their first rabies vaccination followed by a booster shot within the first year. Thereafter, they should receive a vaccination every three years. Dogs and cats must be 3 months (12 weeks) old before they can be vaccinated.

All pet owners are responsible for their pets during the rabies clinic. A cat placed in a cage, burlap bag, or pillow case, is much easier to handle. Dogs should be leashed at all times during the clinic.

## **FREE CLINIC**

**No charge to get your pet vaccinated!**
