

Near Normal Temperatures & Dry Through at Least Mid-Week | Weak Weather System Friday & Saturday

KEY POINTS

- After slightly above normal temperatures today, a cooling trend through the latter half of the week will eventually result in slightly below normal temperatures by the weekend.
- A weak weather system for Friday and Saturday may bring a return of light precipitation chances across southern and central Arizona.

WEATHER RISK OUTLOOK

Risk levels incorporate potential impacts from weather hazards and likelihood of occurrence. The weather hazard with the greatest risk will be listed first in the matrix.

	Tue 11/21	Wed 11/22	Thu 11/23	Fri 11/24	Sat 11/25	Sun 11/26	Mon 11/27
