

Well Above Normal Temperatures Through Tuesday | Breezy Starting Tuesday and Cooler Late Week

KEY POINTS

- **Today:** Highs in the mid to upper 90s across the lower deserts resulting in localized Moderate HeatRisk from Phoenix through southeast CA.
- Highs in the low to mid 90s Tuesday and lower 90s Wednesday. Near normal temperatures return by Thursday, lasting through next weekend.
- Breezy conditions will be common over much of the area each day starting Tuesday with afternoon gusts of 20-25 mph. There is also potential for locally windy conditions and gusts to around 30 mph which may bring elevated fire weather conditions midweek.

WEATHER RISK OUTLOOK

Risk levels incorporate potential impacts from weather hazards and likelihood of occurrence. The weather hazard with the greatest risk will be listed first in the matrix.
