

ENGINEERING TECHNICIAN

Open Date: 13 Feb 23

Closing Date: 21 Feb 23

Work schedule: Full-Time

Salary: 62,898–81,771/yr

Location: Yuma, AZ

AJC Job Posting: 5706304

Job Description:

The United States Army Test and Evaluation Command is posting this advertisement to fill a current vacancy. The chosen candidate will serve as an Engineering Technician supporting the Ammunition & Armaments Division, Ammunition Prep Team at Yuma Proving Ground, Yuma, AZ. A selection will be made soon after the closing date. Selection of this position is permanent and will be made at the GS-10 grade level. Serves as an Engineering Technician responsible for planning, coordinating, monitoring, and performing activities associated with complete test and evaluation projects in the primary area of propellants, pyrotechnics, explosives, ammunition and explosive devices during development, production, and post production phases. Work is of a broad scope and complexity and requires application of demonstrated ability to interpret, select, adapt, and apply many guidelines, precedents, and engineering principles and practices which relate to the area of specialization and some knowledge of related scientific and engineering fields.

Job Qualification:

In order to qualify, you must meet the requirements described below. Experience refers to paid and unpaid experience, including volunteer work done through National Service programs (e.g., Peace Corps, AmeriCorps) and other organizations (e.g., professional; philanthropic; religious; spiritual; community; student; social). You will receive credit for all qualifying experience, including volunteer experience. Your resume must clearly describe your relevant experience; if qualifying based on education, your transcripts will be required as part of your application. Additional information about transcripts in this document.

HOW YOU WILL BE EVALUATED. You will be evaluated based on your level of competency in the following areas:

Knowledge of Test and Evaluating Ammunition

Skill in Ammunition Production

Skill in Communication

Minimum Requirements for 0802 Series can be found [here](#).
