

Occupational Therapist - Job Posting: 4559677

Job Description

- Helping patients with limited movement establish, develop and/or maintain the ability to perform daily tasks and functions by focusing on relieving the physical, mental, social, and emotional sources of patients' disabilities.
- Work one-on-one with patients, centering on each individual's needs to help achieve improved quality of life and a greater feeling of independence.

Credentials Needed

- Master's Degree in Occupational Therapy and state license to practice Occupational Therapy.
- Ability to motivate patients, family members, and team members to achieve patient goals
- Strong organizational and interpersonal skills
- Ability to determine appropriate course of action
- Ability to work independently, exercise creativity, be attentive to detail, and maintain a positive attitude
- Ability to maintain confidentiality of all medical information
- Ability to complete work assignments accurately and in a timely manner
- Ability to communicate effectively, both verbally and in writing
- Ability to handle difficult situations involving patients, facility staff, and others in a professional manner
- Ability to be flexible, organized, and function under stressful situations
- CPR Certified
